

# This week's Aww Shit! is brought to you by...CRC ACM 9/26/10

*Good enthusiasm this week, kidz. Let's keep it up. (That's what she said)*

**Roger:** Tuesday night fellows dinner night at Hinman 6 pm. Might have tablecloths. (Dream big) Charles Wittaker, Al Cabbage, cool people. They are afraid of you, so talk to them. They are like spiders, but don't Febreeze them. (MAGGIE.) Please eat later because we want them to love us. GOING TO GET A PRIZE NEXT WEEK AT THE ACM!

**Panquake** was a great success, the bike ride had 6 WHOLE people. No halves for us.

**CAs:** There's been much money problems with the laundry machine. It's a mystery. Get your roommate agreements and whatnot in.

**Wrigley field football game, Nov 20** —you can buy tickets for \$50 at ryan field or \$58 online. We don't like old people and we don't want to sit with them and thus we're going to buy all the student tickets so old people can't buy them. They might smell like cheese. Is that something old people smell like? I don't know. Sometimes I forget people can get old because I don't leave CRC.

**IM Sports:** Play them. Even if you thought you were coming to Nerdwestern, we're actually training you to be productive members of the sporting world.

<b>Dodgeball Monday 8:30</b> <b>Volleyball Tuesday 8 pm</b> <b>Football Sunday 4 pm</b>
---

Stay tuned for a possible update in ACM times because we really like when people play football. WE MUST BEAT SLIVKA. (Just kidding , they actually practice)

Nolan is makin the eyebrows at me. You know what that means. (I don't.)

Ani and Zach are running for ASG senator from Jones/ ISRC/ CRC. Debate/Speeches/Q&A at **8:15 Wednesday**, voting Thursday Sept. 30 8 am–8 pm → 12 hours of voting OMG

**KJVP:** people that can't come to ACM will find something else to do, but you have to email Kaitlyn to get the deets. Maybe you can start doing my job.

**Treasurearr:** Spend yo sweet money! 2-Red...giant black dill pickle?

**Academic:** Fireside Wednesday with **Coach Fitz** 6:30. Coltrain approved. Fitz has big dreams for tailgating you'll want to hear.

**Equipment:** We're buying SO MUCH STUFF. Wiimotes, wavebird controllers, pool cues, ping pong sets, Rock Band 2 bundle. Come to Smash Team, cause it's the best. People yell. You get points. What more do you want from me!? Cable is not working in TV Lounge, use Ethernet

instead. Like I'd ever watched NUTV before last night. (dudes, best of SNL on VH1 was the bestest....guess who's going to be Tina Fey for Halloween?)

**Social: movie munchies next Saturday at 8**, popcorn candy Eternal Sunshine of the Spotless Mind. And remember...there are no make ups in life. (social life) Meaning they won't save you any cupcakes even if you say please. It is because they hate you.

**Philanthropeeps:** Rebecca looks sleepytime. Look for the weekly email for opportunities to pet puppies. Outreach day next Saturday can go to different sites in Chicago. (Sort of like FUP. Where Nolan and I met. FYI. FLY.)

Dance Marathon meeting soon. I wasn't paying attention to the date. It might have been 10/6. Don't take my word on it. I was thinking about how many of you I've Facebook stalked.

## THE IMPORTANT STUFF

CRC won 40-20 at **Quidditch** cause we win at life. Slivka ain't got nothing on us. We are all the magical shiz. My dreams of being Harry Potter/a snitch were crushed by my inability to schedule meetings at the appropriate time.

**Epic battles:** I don't know why there are cardboard people dying on the floor. Apparently it's alien vs. predator. Go figure. I also can't pronounce Chutzpah. NBD.

Ash vs Team Rocket RHYMES DUDE SO EXCITED YOU DON'T EVEN KNOW. Also it's a skit in a skit in a skit (sort of) I think my roommate just got stabbed. Am I supposed to call

someone about this? **RADIOTHON THEME IS EPIC BATTLES AND ULTIMATE SHOWDOWNS.** I am super mind reader.

Remember how no one does anything but gchat during meetings? **THAT'S HOW WE KNOW WHAT WOOF SNAILS ARE.**

KTBOLT: Jai wins for pulling a Zach Warren. Sleeping on couches/getting locked out is not an acceptable nom. Nor is noming yourself. In any sense.

### Overheard at the ACM

"Can I be a face hugger?" -- Alexis

"Peter's a man. He has a beard."

"I need space from this thing." -- Peter, while running from the virtual wolf snails.
