

# This Awww Shit! Moment has been brought to you by CRC ACM 3/28/10

*I got really excited that there were soooooo many people here because everyone told us that nobody comes to spring ACMs since they don't want any points. But then everybody poured in and I was like omgz Alexis's hair looks fiiiiiiiierce and omgz I know these people how did I ever survive without them. Why did everyone come to the ACM, I wonder? Oh, IS IT BECAUSE THE PRIZE WAS AWESOME?!*

**SPECIAL CHAIR:** Do you enjoy reading the CRC Constitution? Perhaps you've noticed the Special Chair positions, which have temporary terms and have very specific purposes. You should definitely look into this if you want to help brainwash the kiddies during New Student Week, cause mayhem with Radiothon and maybe produce a CRC Magazine which apparently existed at one point. Gotta get those clips, Medilldos!

**LAUNDRY MACHINES.** Now I ain't sayin we a golddigger. But we ain't messin with no broke washers. We didn't really do anything about this because the CAs weren't here. Alcina and Justin just don't love us anymore. I think they're cheating on us with another dorm. ISRC: the other woman? Also, girls shower on 1st floor is on the fritz. Don't be trying to use it, or it will get all up in yo business with its overflowin-ness. It won't drown you, but it will cause mold to grow in the basement and all the feralimps that live there will get respiratory problems. Health care ain't gonna pay for that shiz.

**ONLINE ATTENDANCE SHEETS:** Use them, or KJ will beat you down with EVIL BUNNIES RAWR.

**HOUSING:** *It's coming up, homes.*

1. Letter of intent due Thursday. Basically, if you're living in CRC next year, you should have done nothing so far. This will be your first thang of relative importance.
2. Housing lottery 7-8 Tuesday April 6th. This isn't really fun to watch unless you enjoy Kaitlyn and JBL pulling names out of a hat and stuff like that. I KNOW I DO.
3. Housing selection Thursday april 8<sup>th</sup> from 7-11: MANDATORY. You better show up and claim your room. Optional proposals about how you plan to decorate said room are also welcome so KJVP can judge your interior design. If you can't come, let her know. By yesterday okaaaaay.

**SUNSHINE, LOLLIPOPS AND RAINBOWS:** Easter Muchies next Sunday at 2pm. There will be an Egg hunt (outside in the sunshine!), egg decorating (you can eat afterward! Wooo food!) and matzo and PB&J for the non Easter-celebrators. We're all-inclusive, biotch! So if you are of the Jewish variety, you can do celebrate with us. Also, fill out the birthday calendar if your birthday is in April, or Lando will get a cake instead of you.

**PHILANTHROPY:** Shaina said that according to the poll, the things people want to do are A) play with kittens and B) play with small children. WHY DON'T WE KILL TWO BIRDS WITH ONE STONE (bad metaphor considering our love of animals?) AND DO THEM BOTH AT THE SAME TIME? Let's take

kids to a Petting Zoo and stare at some goats. (Are we advocating you become the men who stare at goats?) (Yes, Shaunacy, I am)

**TREASURER:** Treasure her? I hardly know her! Okay. So Sarah Lowe was gone but you should start thinking about sweet suite money. We've come with some suggestions:

1. Pokémon SoulSilver for the Nintendo DS. Because Lugia pwnz and nothing brings the suite closer together than ensuring that all members can successfully trade to allow their Kadabras to evolve.
2. PONY.
3. Chocolate Pudding Pool. You know you've always wanted one, ever since that one Rugrats episode.

**EQUIPMENT:** For the price of \$150, we are getting new microwaves! I'm actually very upset by this. Microwave time is my 3-Blue time. Everytime I go to microwave a Pop Tart, I spend at least five extra minutes bonding with the ladies of the suite whom I don't see very often. I sometimes spend an extra five minutes huddled in a ball outside of Rachel Hoffman's room trying to soak up some of her awesomeness.

**DRESS-UP:** The theme ("Spring Break Fail"), in brief: Krislyn is really bad at public transportation (took her five hours to get from O'Hare to Evanston), Maggie attends surprise birthday parties for people she doesn't know whose birthday it is not, Sam is good at playing Pokémon (why is that a fail? That is a totally legit way to spend your break, don't let anybody ever tell you otherwise), Stacy accidentally gets into cars with drunk drivers and fails to persuade them to trade places, Jordyn likes sandcastles and boats and airport security and Aliza has vivid dreams. Maggie and Smoon win two free questions from a crazy psychic who lives in Evanston.

<Pokémon joke> I wonder, does this psychic know Hypnosis and Dream Eater?</Pokémon joke>.

**KTBOLT:** Jai was bitten by a woof. According to Krislyn. She can't say "wolf." LOL. Lollerblades. Lollerderby. Lol McCartney.

**THINGS THAT HAPPENED IN EXEC THAT YOU SHOULD KNOW ABOUT:**

*Here's what I think people were doing on their laptops during Exec.*

Julie: Lolcatz. I can haz academicz?

Shaina: Twilight fanfiction. I could just see it on her face. Edward Cullen was on the brain.

Don't blame her. I only just realized that Robert Pattinson is actually really attractive. But only when he was Cedric Diggory though.

Kaitlyn: Tweeting about her life. What else is new?

Nate: Sporcle. He is dah intellectual type.

JBL: Facebook stalking some hot boys in her orgo class. Chemistry in the classroom whaaaat?

Get it. It's a joke. Like, they have a chemistry. In a chemistry class.

Krislyn: Cramming for her current events quiz on this site:

<http://didtheypasshealthcarereform.com/>

Ariana: [www.lesbianswholooklikejustinbieber.com](http://www.lesbianswholooklikejustinbieber.com). She was just jealous she couldn't come to the Tegan & Sara concert.

Shaunacy: Taking minutes with me. There are no distractions during exec meetings. It's not like I spent any portion of the meeting working on this part of the minutes.

**RANDOM**

**MOMENT:** Rachel receives booty call, yells "Fuuuuck" and runs out. GET IT GIRL. Work that.
